Documentation is presented in: Project Review and Compliance Files
Preparer's Eligibility Recommendation: _____ Eligibility recommended ☒ X Eligibility not recommended
Criteria: A B C D Considerations: A B C D E F G
Complete if the property is a contributing or non-contributing resource to a NR district/property:
Name of the District/Property: _____
Inventory Number: _____ Eligible: _____ yes Listed: _____ yes
Site visit by MHT Staf _____ yes _____ no Name: _____ Date: _____

Description of Property and Justification: *(Please attach map and photo)*

Bridge No. 18023 carries MD 244 over Moll Dyers Run south of Leonardtown, St. Mary's County, Maryland. It is a 2-span concrete slab bridge constructed in 1925. In 1930, the structure was widened by 10 feet with a concrete slab on the downstream side. The bridge was "jumped" by a new concrete slab bridge in 1997. The parapets were removed from the original bridge, which no longer carries traffic load. The bridge no longer retains the integrity of its character-defining features, and therefore, is not eligible for listing in the National Register of Historic Places.
